LHRC- Life Care Center is an out patient program dedicated to providing quality and effective rehabilitative services to people with substance use disorders. The treatment modalities at LHRC Life Care Center are focused on the individual. This program ensures that the client's needs are holistically addressed by providing out patient substance abuse treatment services, life skill, case management and promoting a healthy and safe lifestyle through behavioral modification. It is through change in behavior and environment that individuals can learn to change and grow toward a life that is drug free.

Philosophy

We believe that recovery and redemption is possible through the Twelve Step Recovery Program. We are committed to comprehensive holistic treatment founded on the belief that chemical dependency is a physical, spiritual, mental, and emotional disease that affects the entire family. We recognize the need to involve the family in this healing process as our foundational belief is that each individual has worth and potential.
