Louisiana Health and Rehab Center, Inc. is a private non-profit provider agency which offers a large array of services throughout the state of Louisiana. Services are provided to persons who are chemically dependent, mentally ill, developmentally disabled, and persons who have other handicapping conditions. The Executive Director of the program has over 30 years experience in the human service field.

LHRC Life Care Center is a substance abuse clinic that views substance abuse as a primary, progressive fatal disease. We are dedicated to providing quality and effective rehabilitative services to substance abusers. Our staff includes a Psychiatrist, Licensed Addictions Counselors and trained counselors to address the needs of our clients. Treatment plans are individualized and integrated. Group process is utilized to create an atmosphere of unity and healing.

Philosophy

We believe that recovery and redemption is possible through the Twelve Step Program. Our treatment philosophy is holistic in nature and recognizes the need for treatment to address the physical, social, spiritual, mental, and emotional aspects of the individual. We recognize the need to involve the entire family in this healing process as the entire family unit suffers as a result of chemical dependency.
