Louisiana Health and Rehab Center, Inc. is a private non-profit provider agency which offers a large array of services throughout the state of Louisiana. Services are provided to persons who are chemically dependent, mentally ill, developmentally disabled and persons who have other handicapping conditions. The Executive Director of the program has over 23 years of experience in the human service field.

LHRC Children of Addicted Parents Prevention Program views substance abuse as a primary, progressive fatal disease. Our staff includes a Licensed Addictions Substance Abuse Counselor and trained Counselors to address the needs of our clients. Prevention services are designed to target children between the ages of 5 and 18 who have been exposed to a household of chemical dependence. Our prevention groups create an atmosphere of unity and healing.

Philosophy

We believe that recovery and redemption is possible through the Twelve Step Program. Our treatment philosophy is holistic in nature and recognized the need for treatment to address the physical, social, spiritual, mental and emotional aspects of the individual. We recognize the need to involve the entire family in this healing process as the entire family unit suffers.

Admission Criteria

Louisiana Health and Rehab Center, Inc. welcomes referrals from the court system, physicians, pastors, attorneys, family members, state agencies, juvenile services, children services, detoxification centers, inpatient treatment centers, half-way houses and self referrals.
